#### Radio Broadcasting Services; Cal-Nev-Ari, Boulder City, Las Vegas, NV

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed Rule; denial of.

**SUMMARY:** The Commission denied the request of Richard W. Myers to allot Channel 285A to Cal-Nev-Ari, NV, as its first local aural broadcast service. See 58 FR 61671, November 22, 1993. The Commission found that Cal-Nev-Ari does not qualify as a community for allotment purposes. The Commission also denied the counterproposal of Rock "N" Roll, Inc., which requested the modification of Boulder City, NV, Station KRRI's license to specify Channel 286C2 instead of its present Channel 288C2, and the modification of Las Vegas Station KRBO's license to specify Channel 289C2 rather than its present Channel 286C2 in an attempt to alleviate interference within Station KRRI's predicted 70 dBu and 60 dBu contours. Stations are protected from interference only to the extent that stations are separated from one another in accordance with Section 73.207 of the Commission's rules and operate in accordance with the powers prescribed in their construction permit/license. With this action, this proceeding is terminated.

#### Television Broadcasting Services; Appleton, New London and Suring, WI

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule; denial of.

**SUMMARY:** The Commission denies the petition for rule making filed by Wisconsin Voice of Christian Youth, Inc., to reallocate television Channel 14- from Suring to New London, Wisconsin, pursuant to Section 1.420(i) of the Commission's Rules. See 58 FR 4393, January 14, 1993. We find that there is insufficient basis to warrant the removal of the sole local television broadcast service at Suring, Wisconsin. We further find that petitioner failed to demonstrate compelling reasons for waiver of the television freeze order. With this action, this proceeding is terminated.

[I.D. 071395A]

## Reef Fish Fishery of the Gulf of Mexico; Amendment 8

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of availability of an amendment to a fishery management plan; request for comments.

**SUMMARY:** NMFS announces that the Gulf of Mexico Fishery Management Council has submitted Amendment 8 to the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (FMP) for review, approval, and implementation by NMFS. Written comments are requested from the public.

**DATES:** Written comments must be received on or before September 15, 1995.

**ADDRESSES:** Comments must be mailed to the Southeast Regional Office, NMFS, 9721 Executive Center Drive N., St. Petersburg, FL 33702.

Requests for copies of Amendment 8, which includes an environmental

assessment, a regulatory impact review, and an initial regulatory flexibility analysis, and for copies of a minority report submitted by three members of the Council, should be sent to the Gulf of Mexico Fishery Management Council, 5401 W. Kennedy Boulevard, Suite 331, Tampa, FL 33609-2486, FAX: 813-225-7015.

**FOR FURTHER INFORMATION CONTACT:** Robert Sadler, 813-570-5305.

**SUPPLEMENTARY INFORMATION:** The Magnuson Fishery Conservation and Management Act (Magnuson Act), requires that a council-prepared amendment to a fishery management plan be submitted to NMFS for review and approval, disapproval, or partial disapproval. The Magnuson Act also requires that NMFS, upon receiving an amendment, immediately publish a document that the amendment is available for public review and comment.

Amendment 8 to the FMP proposes a limited entry program for the commercial red snapper sector of the reef fish fishery in the Gulf of Mexico. Initial participants in the limited entry program would receive shares of the commercial quota of red snapper based on specified criteria. The percentage shares of the commercial quota would be equivalent to individual transferable quotas.

The Director, Southeast Region, NMFS, based on a preliminary evaluation of Amendment 8, has disapproved three amendment measures because the measures were determined to be inconsistent with the Magnuson Act and other applicable law. The disapproved measures included: (1) An appeals panel to consider hardships in determining eligibility for and amount of initial shares; (2) a provision that up to 3 percent of the initial commercial allocation of red snapper be set aside for resolving hardship cases; and (3) a restriction that transfer of shares be limited to "natural persons," thus precluding corporations or partnerships from obtaining shares.

A minority report signed by three Council members raised various objections to Amendment 8.

Proposed regulations to implement those measures of Amendment 8 that were not disapproved based on the preliminary evaluation are scheduled for publication within 15 days.
